

**Supplementary Figure S5 | Cell cycle stage assignment of the SCLC cells from the autochthonous model. A**, *Mki67* expression of the SCLC cells. **B**, Reliability of the cell cycle stage assignment by the markers (*Pcna*, *Top2a*, *Mcm6*, *Mki67*). Principal component plot of the autochthonous SCLC cells labeled by (C), and by cell cycle stage assignment (D).
